Kia ora koutou,

Principal's Pen 2026

Week 8 Term 1

Term One is almost done and as always there have been so many opportunities for students in the sporting, cultural and academic fields. Our Kapa Haka roopu is well underway with over 80 students participating and all students having a weekly lesson in their team with Matua Te Kore. All of our specialist enrichment groups have begun and we have completed our testing for mathematics and literacy extension. There have also been many sporting opportunities with interclass sport and WIMS - congratulations to our WIMS swimming and cricket teams who finished in the top two of their events. A special mention to Kaito who scored 129 off 65 balls last weekend, what an achievement! Thank you to all of the whānau who have supported or helped in any way this term with sports, trips and schoolwide events.

This has also been a busy time for staff, transitioning half of our students into a new school, and continued professional learning for structured literacy and planning for the new English curriculum, and also for professional learning for the new Mathematics curriculum. We are working to ensure that we have quality planning, assessment and teaching practices aligned to the new curriculum to ensure consistency across the school.

Parent/Teacher Conferences

These are being held tomorrow Friday 27th March. Please be sure to make a booking to meet with your child's teacher. This is an important opportunity to connect with your child's learning and strengthen the home-school partnership which is an integral part of your child's successful journey here at Cambridge Middle School.

We look forward to continuing working with your children and you in partnership next term. There are multiple school events to look forward to, including our school production of Sponge Bob.

Ngā mihi nui,

Daryl Gibbs
