What happens at the trials?

During the trials we will run different skill based activities for a range of different sporting codes. We do not trial for individual sports as if selected you need to be able to play a range of different sports. We will be looking for a high level of skill that can be transferred to various different sports, excellent sportsmanship and HERO values.

Please note:

There will be 1-2 practices or meetings each week during lunchtimes leading up to Totara Springs - these will either be for sports, or the team chant competition. If selected you will be required to attend these practices - failure to show a commitment to this opportunity could result in your place being given to another student.
